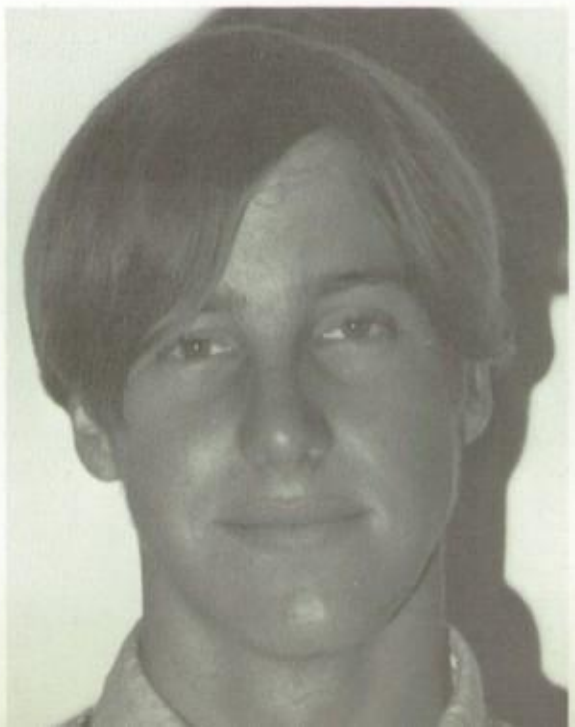
Mr. John Bray
Advisor to the Executive Board



Craig Paulsen was elected president in the spring of 1967. He was the first write-in candidate to win this high office. However after six weeks of office in the fall, he resigned, and Randy White— Commissioner of Campus Affairs was elected president by the student body.

Brickner—Commissioner of Social and Cultural Activities, Steve Ferrey—Sr. Class Secretary-Treasurer. (Not Pictured: Mike Lawler, Commissioner of Communications; Larry Johnson, Jr. Class Sec./Treas; Alyson Wong, Soph. Class Sec/Treas; Robin Emory, Commissioner of Assemlies & Rallies)

For The Graduating Class of 1968:

This June will mark the end of their three year stay at Gunn High School. To many, it will be a sad parting, yet one filled with great expectations and hope. Those remaining at Gunn may still look forward to the continuation of freedom and self-expression; assets which have made our school unique. However, the degree to which this freedom shall be realized depends largely on the responsibility you are willing to take in maintaining this tradition. Gunn has come a long way since it was founded in 1963, and as your student body president, I would sincerely hope that its excellence shall continue in the future.

Best Wishes,
Randy White

"The man I am writing about is not famous. It may be that he never will be. It may be that when his life at last comes to an end he will leave no more trace of his sojourn on earth than a stone thrown into a river leaves on the surface of the water. Then my book, if it is read at all, will be read only for what intrinsie interest it may possess. But it may be that the way of life that he has chosen for himself and the peculiar strength and sweetness of his character may have an ever-growing influence over his fellow men so that, long after his death perhaps, it may be realized that there lived in his age a very remarkable creature."

Faculty

Dr. Robert McLean
Principal

Once again it is my pleasure to express my deep respect for the students and staff of Gunn High School. This respect emulates from the atmosphere which has been created on our campus. It is an atmosphere that recognized the infinite worth of each individual and his role in society. It is an atmosphere that shows a deep respect for learning while making it an enjoyable process.

I consider it a rare privilege to serve as your principal. May we continue to work together so each school day may be a satisfying one and each year a rewarding one.

With Best Wishes to Each of You,

Robert McLean
